The construction of the EAC Headquarters is required now more than ever. This is further justified by the dire need for space in light of the continued expansion of the EAC operations prompted by the Integration Process, and the admission of the Republic of Burundi and that of Rwanda.

This construction of the EAC Headquarters is an important multi-million Euro Development Project. Bearing this in mind,

- Could the Chairperson, Council of Ministers give the August House an update on the construction of the EAC Headquarters?

(ii) **REF: EALA/PQ/OA/06/2008**

Article 71 (1) (o) of the Treaty for the Establishment of the East African Community is instructive on the functions for which the Secretariat is responsible.

The Secretariat is inter alia responsible for the Establishment of Practical Working Relations with the Court and the Assembly.

- Could the Chairperson, Council of Ministers inform this August House on the steps that have so far been taken to establish practical working relations amongst the three organs of the Community?
